About the Club Sports Program

Introduction

The Club Sports Program supports the mission of the Department of Recreation & Wellness by providing recreational and competitive programming that promotes healthy, active lifestyles for UNCG students. Students will enhance their physical, psychological, ethical, intellectual and social development through their experiences with the Club Sports Program. The Department of Recreation & Wellness understands that Club Sports play an integral role in co-curricular education and provides support and assistance with coordination of facilities, financial resources, and leadership training for officers.

The UNCG Club Sports program serves students' individual interests in different sporting activities. The opportunities available are competitive, recreational, social and/or instructional to meet the needs of our students. Club Sports serves as a catalyst for decision-making, leadership development and fiscal responsibility. The success of a Club depends on the leadership and commitment of its members. Clubs that are members of the UNCG Club Sports Program are self-administered by elected officers. Included in administration, is the coordination of practice and game times, recruitment efforts, marketing strategies, community service efforts and recruiting coaches. Financial supported for clubs is derived from a combination of member's dues, fundraising, donations, UNCG Student Government Association (SGA) and a small allocation from Recreation & Wellness. The Department of Recreation & Wellness offers guidance and support to include facility space, office supplies, and educational workshops.

Definition

Club Sports are recognized student organizations that participate in an athletic or physical activity. Clubs may be of a competitive, recreational, or instructional nature. All Clubs are required to adhere to student organization guidelines and policies as established by the Office of Campus Activities & Programs (CAP).

New Clubs

The biggest misconception of the Club Sports Program is that the Assistant Director decides which clubs are represented at UNCG. This is not the case. Club Sports are formed based on an identified expressed level of interest from UNCG students. If you are a student and we currently do not have a Club Sport that meets your needs, please follow the steps below in the forming of a new club.

Forming a New Club

- 1. Set up an appointment with the Assistant Director, Competitive Sports:** This meeting is an opportunity for students to learn what goes into forming and managing a club. The Assistant Director will determine if the proposed club is a viable option for UNCG based on facility space, equipment storage, risk level, and overall feasibility.
- 2. Interest Meeting:** If the club is deemed a viable option, an interest meeting will be held to determine if there is interest among the UNCG student population. The number of interested individuals must at least equal the required number of participants for the designated activity. (Example: soccer = 11 participants, softball = 9 participants,

volleyball = 6) When the nature of the activity is individual participation a minimum of 5 participants are required.

3. **Administrative Requirements:** Each organization will be required to write a constitution. The constitution is the framework for how the Club will operate. It is important for the constitution to meet the needs of the Club, future officers will refer to the constitution to for guidance on managing processes and situations. Additionally, each Club will need to register the new club through the on-line portal called **SpartanConnect** (<https://uncg.campuslabs.com/engage/>) and have all club members submit Club Sports Waivers.
4. **Club Sport Council Affiliation:** Once all administrative requirements are met, the Assistant Director, Cub Sports will confirm with CAP that the proposed Club has approval for recognition as a Club Sports and recognized student organization. CAP will verify that all eligibility requirements are met for the founding members of the Club and will schedule a final recognition meeting. At the completion of the meeting with CAP, the proposed Club will become an official Club Sport recognized by the Department of Recreation & Wellness.

Support for Recognized Club Sports

Once a Club receives recognition, it is then eligible to:

- Reserve facility space and equipment.
- Collect reasonable dues, conduct fundraising events (see Fiscal Responsibility Section), solicit funds according to University Policy and must comply with CAP policies and procedures.
- Be listed in University and student publications.
- Sponsor programs and activities consistent with the purpose of the organization.
- Use the University logo ensuring that it complies with the University identity and licensing guidelines.

Requirements for Recognized Club Sports

- Understand and comply with the University's Code of Ethics and the Club Conduct and Responsibility section of the Club Sports Manual.

- Receive prior approval for all fundraising activities. Fill out the proper paperwork with regards to fundraising activities.

Club Status

Active, Probation and Inactive Status

The following steps must be completed for the club to maintain active status.

1. The Club must have previously been recognized by the Department of Recreation & Wellness as a UNCG Club Sport and be currently in good standing.
2. The Club must have all required paperwork on file with the Department of Recreation & Wellness:
 - a. Waivers
 - b. Constitution
 - c. All required "Consent Forms and Medical Forms"
 - d. Budget Proposal
 - e. Written material required by the Assistant Director (i.e. Event Summaries, End of Semester Reports, Travel Forms, etc.)
3. The Club must attend required individual meetings with the Assistant Director
4. The Club is required to have a representative in attendance at all Club Council Meetings.
5. The Club Officers must attend scheduled training sessions.

The following list is a few examples of actions that may cause a club to lose Active Status

2. Not attending the required individual Club meetings.
3. The required paperwork is not up to date or missing
4. Playing with ineligible participants as a UNCG Club Sport
5. Failure to comply with UNCG Student Code of Conduct

The following may occur when a club loses Active Status.

1. Club being placed on probation
2. Loss of all facility space
3. Club budget is frozen (NOTE: When club budget is frozen by the Club Sports Council, funds are also frozen with Student Government Association)
4. Loss of priority scheduling
5. Club may lose affiliation status

Probation and Inactive Status

1. The Assistant Director may reprimand and/or place a Club on probation for a specified amount of time for violation of Club Sports policies and or UNCG Student Code of Conduct violations.
2. Unless expressed otherwise, clubs placed on probation will not lose any rights or privileges.
3. A single incident, depending on severity, may lead to loss of privileges and/or being placed on Inactive Status
4. Flagrant or repeated offenses will result in further disciplinary actions to be determined by the Assistant Director and Director of Recreation & Wellness.

Failure to meet requirements outlined by The Office of Campus Activities & Programs may result in additional sanctions / loss of recognition per their policies.

Sport Club Administration

Club Organization and Management

The Department of Recreation & Wellness employs full time professional staff member(s) to guide the activities of Club Sports. The Assistant Director of Competitive Sports is responsible for the direction of the Club Sports Program and promoting safe and responsible operation of individual Clubs.

The role of the Assistant Director is to serve as an advisor to the individual clubs. The Assistant Director advises clubs on day-to-day operations and special events. The Assistant Director for Competitive Sports serves as an advisor to the Club Sports Council (CSC).

The Club Sports Council is the advising board for the Club Sports Program. The CSC consists of one voting member from each of the individual Club Sports. The Council meets once a month to discuss educational topics relevant for club leaders and issues related to the program. Members of the Club Sports Council will elect a president, vice-president, secretary, and treasurer. Remaining members will be assigned to a committee to help improve over all guidance of the club sports council.

Club Sports Council

The President, Vice-President and Secretary of the Club Sports Council will serve as the Executive Board for the Club Sports Council. The role of the Executive Board is to:

1. Develop budget proposals for the Assistant Director which will benefit the Club Sports Council.
 2. Provide the Assistant Director with recommendations about disciplinary concerns.

Duties of a Club Sport Officer

The overall success of the Club is dependent upon leadership and participation from Club participants. If a Club Sport lacks organization in its management and leadership, it will most likely end in failure. Motivating members to take an active part in their respective Club is extremely important for the long-term success of the Club and a huge undertaking. Communicating effectively with members will help in the success of the Club.

Given that Club Sports are both student-run and self-administered, the management of the organization is the responsibility of the officers. Each Club's constitution should be clear and concise as to what role each officer plays within the organization. Listed below are general responsibilities for officers

President

- Serve as a liaison between the Department of Recreation & Wellness and their respective Club.
- Meet with the Assistant Director at the beginning and end of each semester to discuss goals of the Club and upcoming sports season.

- Work with the President in preparing Club records for a semester audit.
- Works toward creating fundraisers for the team for upcoming seasons.
- Oversees all club expenditures.

Additional officer positions may be created as needed. It is important that each officer has a clear expectation of the duties for that position. It is the duty of all club officers to hold each other accountable for the delegated duties. Failure to do so may result in vital club functions left unattended. In addition to the creation of officer positions, it is ideal to identify motivated club members who demonstrate the potential to serve as an officer in the future. Cultivating young leadership is a key to sustaining a club year to year.

- Requests must be made at last one-week in advance.

Policies and Procedures

Eligibility and Membership

Eligibility Requirements

Membership in a Club Sport is open to all current UNCG students who have paid a student activity fee. Students may not be denied membership in a Club based on age, race, color, national origin, disability, religious status or historic religious affiliation, veteran status, sexual orientation, or athletic ability. Membership and participation in the organization must also be open without regard to gender, unless exempt under Title IX.

Each Club Sport may determine its own membership rules in accordance with University affiliation guidelines. A Club may hold tryouts to determine playing time or membership status; however, the membership requirement must be free from discrimination based on age, race, color, national origin, disability, religious status or historic religious affiliation, veteran status, sexual orientation. Tryouts may not be used to deny an individual membership in a club. Clubs with league affiliations must abide by the individual league eligibility requirements.

Guidelines for Membership

All Club Sport participants must be current UNCG students who have paid the student activity fee (Continual Learning Students and Consortium Students do not pay a student activity fee and are ineligible to participate). Participants must submit all required paperwork prior to beginning their participation. Additionally, club members must be in good standing with the Department of Recreation & Wellness to remain active with any club.

Governance and Eligibility Regarding Participation in Intramural Sports

UNCG Students have the privilege to play Intramural Sports, however there is a 2-person limit to the number of Club Sports participants on Intramural Sport teams. This limit only applies to the same or similar sport(s) (example: Club Volleyball to intramural sand volleyball, Club Soccer to intramural indoor soccer). Gender is not a consideration when counting towards the 2-person limit. As a Club Sport participant, it is your responsibility not to participate on an Intramural Sports team that carries the maximum number of allotted Club members. If you have questions regarding Intramural Sport participation please refer to the Rules and Regulations of the program or contact the Assistant Director. Please remember while participation in Intramural Sports is encouraged, it is expected that Club Sport participants set an example while participating in the Intramural Sports Program.

<http://recwell.uncg.edu/policies>

Waiver Forms

1. Each Club participant must complete and have on file, a Club Sports Waiver, which must be submitted to the Club Sports office and on file prior to participation.

Injuries /Accidents

1. Injured participants are responsible for all financial obligations incurred in any treatment necessary for an injury.
2. Participants are strongly recommended to carry adequate medical insurance coverage, which is applicable for injuries sustained in Club Sport activities.
3. Should an injury occur during participation in a Club Sport activity, an Incident/Accident Report must be filled out and turned in to the Assistant Director at the earliest opportunity.

Coaches

Coaches are individuals who have been identified by the club leaders to provide instruction related to the club's nature as well as provide direction and leadership for club competitions and events. Coaches are not responsible for or permitted to select members to serve as officers. Officer elections must follow the process outline in the club's constitution. Coaches serve at the discretion of the club members and may be dismissed from their role at any time.

Recruiting Coaches

When searching for a coach, Clubs must communicate their search process with the Assistant Director and receive prior approval before taking any action steps. Clubs may not post for/recruit coaches via hiring or employment websites. This form of recruitment is managed via UNCG Human Resources.

Before Coaches Begin

Prior to beginning their coaching role, Coaches must complete a background check via UNCG Human Resources. This process is initiated when the Club submits the Coach's contact information (name, current local address, email address, and phone number) to the Assistant Director. Once the background check is approved, the Assistant Director will notify the Club President and Coach that he/she may begin their duties.

If a Club wishes to compensate a coach for their services, the Club must notify the Assistant Director prior to the start of the semester. The Coach will need to be hired by the Department of Recreation & Wellness as a Temporary Employee. It is important for a club to understand that the commitment to compensate a coach will require sufficient club funds to be available prior to the start of the agreement. These funds will be set aside and remain unavailable for reallocation due to the contractual nature of the agreement with the coach. Modifications to the compensation agreements must be approved by the Assistant Director and submitted to Human Resources prior to implementation.

Coaches must complete and sign the Recreation & Wellness Club Sports Coaching Agreement Document. Coaches must abide by the same conduct policies and expectations outline for all club members.

Fiscal Responsibility

Budget Philosophy

The Department of Recreation & Wellness provides **partial** funding for the Club Sports Program. Other avenues for Club funding include dues, fund raising activities, donations and the Student Government Association. Part of the responsibilities of the Assistant Director is to oversee the generation and expenditure of Club funds with a degree of financial accountability. Please keep in mind it is the duty of the Assistant Director to ask pertinent questions with regards to how Clubs spend money. The Assistant Director must approve all purchases.

Student Government Association

This funding will be included in the budget deliberation meeting held at the beginning of the school year. allocated by SGA must be spent before the end of the spring semester. Unspent funds will be returned to SGA at the end of the fiscal year.

Trust Accounts

These budget summaries will be updated weekly with all club transactions. All Clubs are expected to deposit all self-generated funds into its Trust Account.

Donations / Gifts

If a club receives a gift/donation that the donor wishes to be considered tax-exempt, these funds must be deposited into the Club Sports Gift Fund. The funds will be made available specifically to that club alone however, there is a specific process that must be followed to accept these types of gifts. These funds will appear on the club's budget summary.

Budget Guidelines

2. Trust Account Funds represent all other funds raised by a Club including dues/memberships and funds derived from fundraising activities. (Donations will be reflected in the Club Sports Gift Fund)
3. All Club expenditures must be approved by the Assistant Director prior to a commitment being given to any individual, business, or vendor.
4. Off-campus accounts are not allowed for any Club Sport.
5. Alcohol may not be purchased with any Club Sport funds.
6. Requests for expenditures of funds, regarding purchases of supplies, equipment, materials and contract services, will be routinely approved, providing the purchases and procedures comply with State and University policies and law.
7. Allocated and/or trust account funds can be utilized for the following:
 - a. Travel expenses such as lodging
 - b. Transportation (fuel, vehicle rentals)
 - c. Contracted Services (officials, judges, coaches, etc.)
 - d. Equipment/Supplies

Allocated Funds

Each traveler must complete the **Travel Authorization** section of the TRV-1 form and sign above the **Traveler's Signature Line**. If a club member may have out-of-pocket travel expenses (gas or lodging), the club member must also sign the **Traveler's Signature Line** at the bottom left corner of the form upon returning to campus after the travel is completed.

Important Note: When completing and preparing the TRV-1 form, please make sure that the entire 1st page of the document is printed in portrait orientation on a single sheet of paper. Only the first page of the document is required. Failure to follow this guideline will result in the TRV-1 not being accepted and any payments being delayed.

In addition to the TRV-1, if funds are utilized to pay for any part of travel, students seeking a reimbursement and who are not UNCG Employees will also need to complete a TRV-S form. If all travel for the group is the same, then a single TRV-S form can be used for the trip.

All travel forms are available on the Club Sports Forms page.

Financial Training/Deposit Requirements:

1. At the beginning of each year or as a new club begins, a receipt book will be provided to each club (if requested).
2. An individual receipt must be completed for any money received ie, dues, shirt sales, etc. In the case of a fundraiser such as a car wash, write one receipt for the total amount collected during the event.

Recreation & Wellness has established a direct-bill account with Enterprise however clubs are free to choose the rental company of their preference. Safe Travel Practices

It is strongly recommended that the following safe travel practices are observed at all times.

1. Travel Preparations

- a. Have driver's license with you when driving
- b. Complete vehicle walk-around
 - i. Check lights and turn signals
 - ii. Ensure tires are properly inflated
 - iii. Check wipers and fluids
 - iv. Position rear and side mirrors

2. Driving Practices

- a. When possible, post alert passenger in the front passenger seat. This passenger can help the driver stay alert, navigate, change the radio and other controls, etc
- b. Do not rush! Accidents are more likely when the driver is rushing to meet a schedule, or the driver's attention is focused on things other than the road. It is more important to arrive safely than to be there on time. Driving safely always has priority over schedules
- c. Headlights should be turned on while traveling, and especially during adverse weather
- d. Alcohol or other drug use by any occupant is prohibited in the vehicle
- e. Driving under the influence of alcohol or drugs is prohibited and against the law. If you have consumed any alcohol in the previous 12 hours, do not drive. This does not simply mean you are below the legal blood alcohol limit of .08%. This means any amount of alcohol. The same is also true for drugs that can affect one's driving ability, especially illicit drugs, but also including legal drugs that may cause drowsiness, etc
- f. Do not exceed posted speed limit signs. Adjust travel speeds for any weather or road conditions including ceasing travel if necessary
- g. Obey all traffic laws

- h. Do not pick up hitchhikers
- i. Do not fill the fuel tank with the engine running
- j. Use your mirrors often-always know what and who is around your vehicle
- k. Change drivers every 3-4 hours (or earlier if needed) to avoid driver fatigue. If the current driver is having trouble keeping his/her eyes open, or is feeling particularly tired, he/she should pull over at the first safe spot and change drivers. If all drivers are too tired to continue driving, then STOP and REST
- l. On long trips, especially when driving at night, the front seat passenger must stay awake to assist the driver with navigation, passing, and to help the driver stay alert with lively conversation
- m. Use of a cellular phone by the driver is prohibited. If communication requiring a cell phone is necessary, either have a passenger conduct the conversation or pull over at the first safe spot and complete the conversation
- n. When a Club utilizes more than one vehicle, establish pre-determined meeting points/times to ensure safety of all individuals traveling
- o. If an unplanned stop is required, avoid stopping on the side of the road (especially on interstates or highways). It is safer to pull off into a parking lot, gas station, or some other area with decreased traffic
 - i. When making a stop to change a tire or address a maintenance issue, have all passengers exit the vehicle and move a safe distance away from traffic

Only approved Club Sport participants may drive 15-passenger vans for Club Sports purposes. These vehicles must be operated in full compliance with applicable campus ordinances and state laws.

Motor Vehicle Accidents

1. In case of accident, stay on the scene until police arrive. Do not attempt to assess blame. Write down the names and tag numbers of drivers involved, as well as names of passengers. Try to get good written accounts from witnesses as soon as possible.
2. In an accident or mishap that involves personal injury:
 - a. Contact the Assistant Director or the Associate Director of Recreation & Wellness. Phone numbers are in the club for Club Sports Manual. If you cannot reach either of these people by phone, call the Campus Police. Inform them of the details and ask them to contact the Recreation & Wellness Director. Do not make statements to the Press, but refer any questions to the Office of University Relations.
 - b. If a camera is available, document the scene.
3. In any accident or mishap that involves injury, or that will require repairs to a University or rental vehicle: Have a police report done ASAP, and obtain a copy of the report or arrange for one to be sent to Recreation & Wellness for insurance reasons. Take photographs of the scene and vehicles involved if possible. Give the Assistant Director a written report of the accident immediately upon your return to campus.

Emergency Procedures

First Aid and Accident Procedures: The Club Sports Council highly recommends that every Club Sport adopt the following safety procedures:

- It is recommended that each Club should have at least two individuals certified in CPR and First Aid. A first aid kit is recommended to be on site during practice sessions and competitions. The Department of Recreation & Wellness offers CPR and First Aid classes on campus and at-cost rate. Check with the Department Secretary for class dates.
- As injuries occur accident and incident reports should be turned into the Assistant Director as soon as possible. This includes accidents because of Club Sport activities even if it is away from a competition or practice. Accident reports are available on the Club Sports web site.
- If a club member is requiring medical treatment at a hospital or other medical facility while away from campus, the Assistant Director should be contacted immediately. A club member should stay with the injured club member until he/she is able to rejoin the team, parent(s)/legal guardian(s) are present, or another University representative is present.
- The Department of Recreation & Wellness will work to provide an Emergency Medical Technicians or Certified Athletic for all home contests as it deems necessary. If an EMT or CAT is unavailable, the event may be cancelled at the department's discretion.
- All Club Sports require a supervisor on-site during home events. The Department of Recreation & Wellness will assist with scheduling of the supervisor. Two weeks notice prior to games is required to secure an on-site supervisor.
- It is the job of the Club Sport team to perform a facility inspection prior to participation. When participating in events off-campus, it is recommended that the Club perform an inspection of the facility.

Risk Management

The Department of Recreation & Wellness strives to provide an awareness of the risks involved in each activity. Certain elements of danger are inherent in each specific activity. Often these elements of danger are beyond the control of the Department and its staff. Participation in the

Club Sport Program is purely voluntary and such participation involves the unavoidable risks of personal injury, loss of or damage to personal property and the possibility of loss of life.

It is the individual's responsibility to determine his/her own ability to participate and at what level he/she can participate. The Department strongly recommends an annual physical exam prior to the start of the season. The participant should seek additional information at any time one's health status changes. Such actions are designed to ensure that one's participation is within one's health status/limitations.

1. Each member of a Club Sport must submit a Club Sports Waiver Form. **This form states that each Club Sport member realizes there is a risk of injury while participating and that the Department of Recreation & Wellness is not responsible for any injury, which occurs during this sport.**
2. Included as part of the Club Sports Waiver, each Club Member must complete the insurance verification section before being able to participate in any club activity. It is recommended that club sports participants have adequate health insurance. Students who do not have insurance may purchase the University insurance. If interested in purchasing University Insurance please contact the Student Health Center.
3. Each Club Member is **recommended** to have a complete Physical Exam before participating in practices or in competition.
4. Club Officers are responsible for ensuring that all forms are read, understood and signed by Club Members before participation in club activities.
5. Failure of a Club Sport Member to comply with these policies may lead to an ineligibility status for that player until all requirements are completed. A club team that plays an ineligible player runs the risk of disciplinary action. Failure to comply with the above rules will result in appropriate action by the Club Sport Executive Board, and/or Department of Recreation & Wellness Staff.
6. **All accidents/injuries must be reported directly to the Club Sport Staff immediately following the practice, competition, or club related activity. Accident report forms must be filled out by an administrative officer of the club within 24 hours and turned in to the Club Sports Staff.**

Thunder and Lightning

If a Department of Recreation & Wellness Employee hears thunder or sees lightning the fields must be cleared immediately. There will be no finishing of games, even if there is ten seconds left. If it appears that the storm will blow over, Clubs must wait 30 minutes after the last thunder or bolt of lightning. Example: If it has been 28 minutes since the last sound of thunder and/or you see lightning again, the count starts back at 30 minutes. The Competitive Sports Supervisor is expected to use sound judgment in deciding whether to cancel the remainder of the evening games.

Please abide by all the policies and procedures written in this manual, if there are any questions/concerns, please contact the Assistant Director of Competitive Sports at 336-334-5924.
